

STAINLESS STEEL SAUSAGE STUFFERS*

NEW!

GERMAN-MADE QUALITY

from

DICK

FDSS 24

Businesses that rely on long days of round-the-clock sausage production need the best, and these heavy-duty manual machines are the finest sausage stuffers sold today, bar none. Manufactured in Germany, the gear box, cylinder base plate and support rods are constructed of the highest quality stainless steel. The piston is sealed with an air-tight rubber seal and the patented air valve ensures a "fast back-stroke" for problem-free sausage production. Easy disassembly means quick and easy cleaning (hand-wash only). These machines come with 4 stuffing tubes (sizes 3/8", 1/2", 3/4" and 1"). The FDSS (shown at right) is a great machine for home or light commercial use.

HEAVY DUTY SAUSAGE STUFFERS

WARRANTY:
1 Year Parts

Made in Italy, Sirman's heavy duty sausage stuffers are ideal for high-production businesses. Manufactured with AISI 304 stainless steel with double-welded cylinder and bottom plate, these stuffers have a gear box constructed of galvanized steel, while the gears are made of tempered steel. Each stuffer comes with (3) nylon stuffing tubes.
