

# digital multipurpose oven

models : **GS1005**

## FUNCTIONAL FEATURES

- Adjustable thermostat, 150°F–500°F in 25°F increments
- 30 minute digital display timer
- Quick one-touch setting of 450°F for 10 minutes

## CONSTRUCTION FEATURES

- Opening: 3" x 13"
- Removable clean out tray
- LED display
- Long life calrod heating elements
- Flip up handle design for easier storage
- "Formed" tray to prevent food products from sliding off back of tray

This is not your typical pizza oven. With one simple push, your digital LED display is automatically set for 10 minutes at 450°F. Need more or less time? Not a problem! Our new rotary dial design allows you to easily set it at what you need with just a turn of the dial. Did we mention it does more than just pizza? Get creative! You'll be amazed at what you can make in this oven.
